Among the assets of the Estate, are two notes on Rich Dyer, both dated the 1st Jany 1875, & one one day after date, one for $520.35, and the other for $100.00, the Testator made the loan to said Dyer. and the Executor has simply preserved the notes deducting accounts he held against the legatee from time to time, said Dyer has been declared a Bankrupt & his estate is so completely owned by him, that it is not probable that any thing will ever be realized on said notes.

Dear Brother & Sister

It is with great pleasure that I take my seat to let you know that we are all well at this time hoping that these few lines will come safe to you, and find you enjoying the same pleasure. We made a very good crop considering the year. I have not much to write to you at the present time. You wrote about the five dollars. If you think it just after all had to take Confederate Money for the biggest part of the time you can take it. Somebody got all that father left, but it was not me. If you can save the 18 dollars that Dinsmon Young borrowed from us I would be glad to get the principal. Brother try and save it if you can. I worked hard to help make it, and I need it as bad as any of the rest. Send the money by Express; we need all we can get. We have bought a home three miles and a half from Bowden are moving. Nothing more at present only remain Your affectionate Sister until death. So good bye for this time. May God bless you all
